

Scarborough

Get into the record books by taking part in the biggest ever gathering of classic bikes. Fill in this form and send it to us today to make sure you don't miss out on one of the classic biking events of the decade at Scarborough's Olivers Mount.

Owners of pre-1983 bikes who register now to take part in the attempt to assemble a world beating number of classics on Saturday 13 September will get reduced price admission to the event and will be entered for a big prize draw. And there will be cash prizes for the best bikes and a memento for everyone who takes part.

The record bid is just one of the highlights of the *Classic Bike* backed Classic Weekend that opens the MCN International Bike Week, which also features runs, a hillclimb, club and trade stands, and on the Sunday there's the final round of the UK Classic Road Race Championships.

For more details call 01723 373000. To book a space for your club or trade stand, call 01377 254727.

Legends ride at Laguna

Road race legends from around the world took part in a historic bike parade at the AMA Superbike meeting at Laguna Seca in California.

Dave Aldana rode an ex-Dick Mann BSA triple, Don Vesco demonstrated an ex-Giacomo Agostini MV Agusta 500-3, Jim Redman was on the Honda 6, Dave Roper rode an AJS 7R3 triple knocker and Yvon DuHamel was on ex-Pasolini Benelli 350/4.

The famous circuit in Monterey is celebrating its 40th anniversary this year. To mark the event historic racing returned to the track after an eight year absence, with a series of vintage exhibition races supported by Team Obsolete.

▲ Kawasaki's Zephyr gets ultra Seventies look in France

Zephyr coat

Dress your retro Kawasaki Zephyr up in early Seventies Z1 style with help from Kawasaki specialists Golletto Motos in Avon, France (00 33 60 74 04 42).

The paintwork will set you back FF2500 (about £270), gold or chrome fastener plating costs FF10 (£1) per item and badges for the tank and sidepanels, including an authentic looking Double Overhead Camshaft logo, is FF300 (£33).

The end product looks even more like the original Kawasaki superbike than the latest wire wheeled versions from the factory.
